### About FairVote

[info@fairvote.org](mailto:info@fairvote.org)

FairVote is a nonpartisan champion of electoral reforms that give voters greater choice, a stronger voice, and a representative democracy that works for all Americans.

FairVote has a proven record since 1992 as a trailblazer that advances and wins electoral reforms at the local, state and national level through strategic research, communications and collaboration. Today it is the driving force behind advancing ranked choice voting and fair representation in multi-winner legislative districts that will open up our elections to better choices, fairer representation and more civil campaigns.

### About My Work

[VotingSite@gmail.com](mailto:VotingSite@gmail.com)

In 1990, John R. Chamberlin, and Samuel Merrill III each gave me permission to use their sim statistical research results to advance a hybrid Condorcet-RCV rule. In the 1990s, I created *PoliticalSim*<sup>™</sup> and *SimElection*<sup>™</sup>. They compared 30 single- and multi-winner rules from around the world and were used in a few universities. Pages 46-54 show maps from the simulation games. By 1996 I had built the *Democracy Evolves* website. Then I helped FairVote as a webmaster and librarian. For over 10 years I've cheered Dr. Robert Tupelo-Schneck, Ian Little, Adder Oaks, Kathryn Simmons and Twin Oaks Community for using Fair Share Voting. (See page 22.) This book summarizes *Accurate Democracy.com*

My goals are better group-decision results (page 59), through systemic changes (e.g. pages 32, 56), through better tools between people (e.g. pages 23, 25, 31, 33).
